## About LAUW

Since the company was established in 2005, London Australia Underwriting (LAUW) has been providing brokers and clients with innovative products backed by first class security. Underwriting on behalf of an expansive stable of Lloyd's of London syndicates, our policyholders can sleep easy in the knowledge that they are protected by the strongest chain of security available in today's global insurance market.

Having now been established for a number of years LAUW has firmly cemented its position at the head of the marketplace with a wide choice of innovative products backed up by one of the most experienced underwriting teams in the market. LAUW's underwriting personnel and portfolio managers all boast significant experience in the financial lines sector in the local Australian marketplace.

LAUW's model focuses on innovation and service. Whilst maintaining a consistent open market presence, LAUW can also target specific business sectors, applying a stringent risk selection criterion that ultimately delivers superior and sustainable underwriting results. This in turn benefits brokers and their clients with fair and timely claims settlements and consistent pricing.

With an ever expanding product range the company is constantly on the look-out for new opportunities, relationships, and strategic partners. Any broker wishing to establish a trading arrangement with LAUW is strongly advised to contact the management team.
